

Paint Creek Trailways Commission
Request for Proposals
Design Build Services for
Observation Deck
Paint Creek Trail Parcel #15-14-276-076
RFP-PCTC-17-01

May 12, 2017 – Question Submitted Via Email

1. **Question:** The project is not build-able within your budget per the specifications in the RFP. Not even close.

Answer: If you are still interested in bidding, please submit your proposal. The Commission does not have an approved budget for this project. If proposals come back higher than anticipated, they will either approve it, or change the scope of the project. In other words, if proposals are higher than our estimated budget, they will not automatically be disqualified.

Any other questions must be emailed to me by May 23, 2017 at 4:00pm.

Thank you!

Kristen Myers, Trail Manager
